WASHINGTON MATTERS.

WASHINGTON, June 29.

APPOINTMENTS.

The president has appointed James G. Wright, Illinois, to be agent for the Indians of Rosebud agency, in Dakota; Capt. Meredith, of Chicago, chief of the bureau of engraving and printing; Frederick Douglas, of the District of Columbia, to be minister resident and consul general of the United States to Hayti; Daniel M. Randall, of Indianapolis, United States marshal for the District of Columbia.

MILITARY WORK.

The assistant quartermaster at Fort Logan, the new military post near Denver, has reported the completion and acceptance of four double sets of company officers' quarters, two infantry barracks, one store house and one quartermaster's stable.

NEW POSTAL TREATY.

Customs officers have been informed that a parcels post convention has been concluded with the republic of San Salvador, and are instructed to treat dutiable merchandise arriving from that country by parcels post the same as international transportation from the British West Indian colonies.

Trade Review.

New York, June 29.—R. G. Dun & Co's weekly review of trade says: It has been a week of considerable excitement in the speculative circles, and of heavy general trade, with no material change of conditions, as all depends in a large measure at this season upon the crop prospects.

It is most encouraging to find reports in this particular quarter, the only noteworthy exception being some damage to cotton and grain from frequent rains. This is reported at Galveston for cotton. In the northwest the grain outlook is particularly fine, a great improvement being reported in quarters where there have been some apprehensions. With a crop of unusual magnitude, there is a high probability that the general volume of business will be maintained. There is now an increase of 30 per cent over last year as appears in clearing house returns. The prospect is not gloomy. Detroit notes quiet business, and Kansas City and Omaha report fair activity; at Milwaukee improvement is seen, with great activity, and at Cleveland and Pittsburgh iron and other trades continue to mend. The money market continues amply supplied.

Department Commanders to Meet.

CHICAGO, June 29.—Owing to the growing dissatisfaction in Grand Army circles throughout the several departments because of the refusal of the railroads to give the rate of 1 cent per mile, established by the presidents during the past years, and of the fact that the Grand Army of the Republic was not to be held in Milwaukee during the last week in August.

The Latest Trust.

CHICAGO, June 29.—The woolen and knit goods manufacturers have effected their long talked of combination, and this, the latest of the consolidated trusts, is regarded as much more oppressive even than the coal combines, and will materially enhance the price of warm underwear and other articles for the poor before next winter sets in.

Nearly all the principal factories engaged in the woolen industries of the west were represented at the meeting held at the Grand Pacific hotel. Among the leading members of the trust are John W. Hart, of Rockford, Ill.; S. M. Levy, of Milwaukee; H. H. Humphrey, of Detroit; C. E. Overshire, of St. Paul; W. A. Hedden, of New Albany; P. E. Crane, of Pullman; F. W. Montgomery, of Milwaukee; D. T. Egan, of Detroit; E. C. Groesbeck, of Battle Creek, and others.

Ormsby Tries the Law.

WASHINGTON, June 29.—George B. Ormsby, who was lately dismissed from the navy, has entered suit in the supreme court of the district of Columbia against Sec. Tracy for \$100,000 damages for trespass incident to his recent imprisonment at Mare Island, Cal., and his trial and dismissal.

He alleges that there was not sufficient ground for his arrest, no authority for his imprisonment and that the case was not conducted in accordance with the statutes. He also charges a bad condition of affairs on the prison ship Independence. Formal service was made upon the secretary of the navy yesterday. The papers have been turned over to Judge Advocate General Ketney.

A Scrap of Paper Saves Her Life.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, druggist, Fort Smith. Trial bottles of this wonderful discovery free at C. M. Creamer's drug store.

El Paso Election.

EL PASO, June 29.—The peculiar contest for the majority of El Paso, which has been raging over two months, was settled at the polls yesterday by the election of Richard Caples, Democrat. At the April election Krakauer, Republican, received a majority of 37. The election was charged to be fraudulent, and was investigated by the city council. The Republican on the recount got a majority of 4. It was discovered, in the mean time, that he was an alien, a subject of Bavaria. He was declared ineligible by the council, and a new election was ordered for yesterday, in which Caples, Democrat, has been elected by 15 majority.

Harvest Excursions.

TOPEKA, Kas., June 29.—The Western States Passenger association and the Trans-Missouri association have agreed to run harvest excursions from eastern points to all points in Kansas, Colorado and the west at the rate of one fare for the round trip, tickets good for thirty days from date of sale, and stop, overs will be allowed within the limit at all points west of the Missouri river. The days of sale are

August 6 and 20, September 10 and 24 and October 8.

A Great Birth.

LEXINGTON, Ky., June 29.—The celebrated brood mare, Miss Russell, dam of Maud S. (2:08 3/4), Nutwood (2:18 3/4) and Cora Belmont (2:24 3/4), has just foaled a bay filly, at Woodburn stud, by the famous California stallion Electioneer. With the exception of her full sister, the yearling, Bastique, this filly is considered the highest bred trotting youngster now on the American continent. She is Miss Russell's seventeenth foal.

MRS. HAYES' FUNERAL.

Solemn Scenes at the Tomb of the Ex-President's Wife.

FARMINGTON, Ohio, June 29.—The funeral of Mrs. Hayes took place yesterday. The trains brought quite a number of persons to pay the last tribute of respect to the late Mrs. Hayes. Groups of old soldiers were to be seen everywhere on the streets or on the way to the Hayes homestead.

The wide hall, parlors and library of the Hayes residence were heavy with the perfume of flowers, tributes from public and private friends, and from the comrades in arms of Gen. Hayes and from military and civic organizations. The profusion of these floral offerings was bewildering. Among them were many of the most elaborate nature. Among the great number sent a magnificent pillow of white lilies and maiden hair fern, from President and Mrs. Harrison; a cross of ivy and base of lilies, from the national organization of the W. C. T. U.; an easel of flowers from the Women's Relief corps, department of Ohio. The Lucy Hayes mission band sent a piece consisting of fifty-seven white roses, one for each year of the life just closed. The most beautiful piece came from the Woman's Home Missionary society of the Methodist church, of which Mrs. Hayes was president.

The funeral services were simple and unostentatious, presenting the character of a private rather than a public occasion. They were opened with the reading of the 23d psalm by Mrs. Hayes' pastor, Rev. J. M. Mills, of the Methodist church. This was followed by the hymn "My Jesus, as thou wilt," read by Rev. E. C. Farnum, pastor of the Presbyterian church. The singing was by a quartet choir. Prayer was then offered by Rev. D. R. Bashford, of Ohio Wesleyan university, Delaware, Ohio. The second hymn followed, read by Rev. N. Shuppe, of Evangelical church, Wagon, peace like a river." Rev. J. D. McCabe, L. I. J., who performed the marriage ceremony for Gen. Hayes and his wife, then delivered a brief funeral address. Rev. J. T. Swander, of the Reformed church, then read the hymn beginning "God be with you till we meet again," which was rendered by the choir. Rev. M. Long, of the Evangelical Lutheran church, then repeated the Lord's Prayer, which closed the simple and impressive services. An opportunity was given to the throngs of sympathizing visitors from abroad to view the body. The funeral cortege took up the line of march to Oakwood cemetery, where the interment took place.

The body was arrayed in a dress of ivory cream with white passamenterie and hair trimmings. The dress was made for Mrs. Hayes while she was in the White house. Her appearance was most life-like. Her illness had been so short and death so sudden that the corpse was but little emaciated. The face was pale, but there was a trace of rose color in the cheeks. The closed eyes were not sunken, and there was a smile on her lips. The post-mortem and other business houses were closed. There was a very large gathering of people at the funeral.

To-morrow the statue of the Virgin will be conveyed from the cathedral to Rosario cemetery with great pomp and ceremony. The procession will start at 2 o'clock in the afternoon.

LEARNED FROM LEONARD.

A Silver City Citizen Pumped for Palatere on Many Matters of News.

Mr. W. A. Leonard, the calm blonde editor of the Silver City Enterprise, is a guest at the Palace to-day. There a representative of the New Mexican tackled him for bits of news from the south half of the territory—and he got it.

Joseph E. Sheridan, a well known mining man, was publicly cowhided on the streets of Silver City a few days ago, an irate woman named Mrs. Nettie Munger wielding the "raw." She had been to see Sheridan about some rooms and claimed that he had insulted her. Mr. Sheridan was very much aggrieved over the assault and denied positively having spoken improperly to the woman, and to show that he wasn't at all afraid of having the affair investigated he had Mrs. Munger arrested. She pleaded guilty to assault and was fined \$50 and costs. After the trial Mrs. Munger's father in law and her husband publicly apologized to Sheridan for the woman's conduct and asserted their belief that there was no basis for her attack. The opinion generally prevails that the woman, whose name has of late been frequently handled about in questionable places, rather sought to square herself with the community and adopted this plan of getting even all round.

In the line of industrial news Mr. Leonard states that the eight inch vein of \$22,000 gold ore found at Pinos Altos is now on the ground and are as jubilant a set as one would care to meet. At Silver City two new 20-stamp mills will start up before August. These are owned by the Aztec and the Pacific companies, composed mostly of St. Louis men. It is proposed to put on a traction engine between Pinos Altos and Silver City, seven miles, and haul in the Aztec and Pacific ores by this means in quantities of 100 tons per trip.

With reference to railway matters this editorial visitor brings up word that Denning is all in a flutter because of the success which has come to the Sinaloa, Palomas & Denning railroad—this isn't its name exactly, but that's no matter—the contract has positively been closed for its construction south from Denning to Lake Palomas, and there it has to be finished by September 1. On the strength of this Denning is preparing for a howling time on the 4th, and now has on hand four huge silver railroad spikes which the directors of the new road will proceed to drive home on Independence day.

Mr. Leonard has just been appointed receiver of the Meredith & Aldman bank, which went under at Silver City a year ago and which occasioned such a mess of the county treasurer's accounts. Mr. Leonard succeeds Mr. S. T. Harkey, who was temporarily appointed to succeed Mr. Goldman when that gentleman went to court at Las Cruces and told such a pitiful story as to his robbery of \$100,000 worth of the bank's securities in the shape of notes. Mr. Goldman told a pretty straight story and no one appeared to prosecute him, hence he was released. Receiver Leonard says the missing notes are all of record; that in most cases the indebtedness has been acknowledged and that no actual loss will accrue to the stockholders of the defunct bank by reason of the robbery of the first receiver.

A RUSH AT BUSHFORD.

A Minnesota Cyclone Occasions \$100,000 of a Loss.

BUSHFORD, Minn., June 29.—A combined cyclone, waterspout and hail storm passed east of here last night, destroying everything in its path. A belt two miles wide and thirty miles in length is almost laid waste. The trees are as bare of leaves as in winter. The loss is about \$100,000. Immense trees, two feet or more in diameter, were torn up and twisted off. For a space of two miles in width the merciless hail pelted the vegetation into the ground. It fell fully as large as a man's fist. Andrew Fizio, of Yucatan, was drowned in the flood. Another drowning is reported from Houston.

Saved.—A fine family of children were all afflicted with scrofula. Two died early; the rest would soon have followed, but for the timely and persevering use of Ayer's Sarsaparilla, which built them up into a healthy and vigorous manhood.

Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier. Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes that Tired Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System. ARE YOU LOOKING

For a place you can call home? You are tired, perhaps, of "quarter-section farming," even though broad acres of the fairest portions of Uncle Sam's domain tempt you to change your base of operations further west. Ten, twenty, thirty or forty acres of Rio Grande valley land will furnish you an ample and varied arena for the display of muscular ability, while common sense, taste and a modest capital will in three or four years produce results eminently satisfactory to a man who, to a laudable desire for a reasonable pecuniary return for his labor, carries with it a purpose that the balance of his days shall, with his family, be spent amid pleasant and healthful surroundings. With these remarks, point me to

The Mesilla Valley!

He must be blind indeed who can not see that it is a most favored section. Seekers after health, profit and pleasure, after a thorough search from the lakes to the Pacific coast, are finding their El Dorado in New Mexico; and to these new comers, as well as to everybody else, the

RIO GRANDE LAND COMPANY

extends a cordial greeting, and invites a careful and thorough inspection of its FINE COLONY LANDS. Some 2,000 acres of which are subdivided and platted into ten and twenty-acre blocks (from which income can be produced equally as great, if not greater, than the average farms of eighty and 100 acres in the western and northwestern states), and all within a radius of one and one-half miles of the railroad depots at

LAS CRUCES AND MESILLA PARK

Some of these blocks are cultivated, or have bearing orchards and vineyards; others not. Some have tasteful and modern cottages upon them; in others Nature has undisputed dominion. It's merely a question of choice—and money—although the latter does not cut such a figure as one might suppose in these days of booms; and our "long term payment and low interest" plan often adds a little spice to a transaction to one who has an eye to the future. Warranty deeds given. Write or call for plats and circulars. Command us for carriages or other courtesies within our power to give.
